Resident Troopers  
Protective Service Agencies

FROM: Susan E. Rainville, Director  
Field Services Training Division

SUBJECT: POSTC Training Calendar April 2010 – June 2010

DATE: March 29, 2010

The Police Officer Standards and Training Council, Field Services Training Division's in-service training calendar for the period of April 2010 through June 2010 is available on our website.

The projected courses, dates and locations are for informational and planning purposes only. Please do not attempt to register trainees for these sessions until a course training announcement is posted on the POSTC website depicting individual course specifics.

The Field Services Training Division is focusing on course offerings which address the greatest demand and need, have substantial waiting lists, and ones that are identified as essential for performing specialized functions. In addition to this focused approach, some screening procedures may have to be established depending on the nature of the course and the number of applicants. If screening or eligibility criteria are established, course announcements will contain information about registration and the requirement for admission.

We suggest that every department examine each course announcement in order to meet the program criteria when selecting personnel for participation. The division requests your department's training division contact us as soon as possible in the event your registered personnel must cancel their attendance. NO SHOWS the first day are not appreciated without prior notification as the per student fees have already been committed. Extremely late cancellations or no shows will be recorded so that repeated instances can be easily identified.

If you should have any questions concerning our course offerings please contact the division at 203-238-6514 or 203-427-2621/22. The P.O.S.T.C. web site is now operational and course updates will be included on a regular basis.
